WHAT HAVE WE BEEN UP TO?

INTRODUCTION

Assalamu Alaikum Warahmatullahi Wabarakatuhu.

It has been an amazing Ramadan Campaign; our best ever! Alhamdulillah It was a unique experience for us all due to the global pandemic and lock-down measures restricting many aspects of our daily lives. However, it made us all more resolute to reach out to people clinging on to hope and residing in challenging circumstances like never before as the severity of the COVID-19 virus combined with the fasting conditions in many homes truly sunk in!

It goes without saying that all this was made possible by Allah Almighty and through the out pouring of your love and generous donations! So thank you to you all. We truly appreciate your wonderful support. Rest assured, every single donation has made a difference and nothing deducted as our 100% donation policy means exactly that; **100% of the money goes to the campaigns.**

We would like to extend our heartfelt condolences to all our donors, supporters and global community who have lost their loved ones or have been impacted in some way and hope you all find some solace in the Almighty and courage to move on with our lives with the aim to serve mankind earnestly on behalf of our loved ones.

We believe that this would be a fitting tribute and honour their memories positively. Our thoughts, prayers and support are with you all during this difficult time. May we all stay strong and safe.

Ameen.

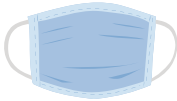

WHAT HAVE WE BEEN UP TO?

The team at Al Ummah Foundation has been very busy this Ramadan. We worked tirelessly throughout the blessed month of Ramadan; long into the nights and often before and after the morning prayers.

There was a renewed sense of purpose, accountability and blessed energy that drove us forward each day. Alhamdulillah. Hand on heart, we loved the journey and would not have it any other way! We worked hard but also took great joy in sharing mini-updates with our donors, supporters and families.

We created campaigns for the following:

- Feed the Fasting
- Installation of hand water pumps
- Personal Protective Equipment
- Rohingya Refugee Camp, Cox's Bazar

Your outpouring of love and generous donations enabled us to deliver the following projects:

- Successfully completed two Ramadan food distributions in Sunam Ganj & Nabi/Hobi Ganj - Bangladesh.
- Provided vital PPE for medical staff at three locations in Bangladesh.
- Mobilised urgent distribution of Ramadan food packs in the grief stricken Rohingya Refugee Camp, Cox's Bazar, Bangladesh
- Installation of hand water pumps prior to Ramadan & 50 more projects approved for installation once lock-down measures are eased.

WHAT BENEFITS HAS IT PROVIDED?

The Ramadan food packs contained nutritious food items and vital vitamin supplements in addition to hygiene products for a family of five to six people for a period of four weeks.

The medical staff at three different hospitals appreciated the provision of vital PPE in order to facilitate their work, care and safely support sick patients including those affected by the COVID-19 virus.

The installation of hand water pumps prior to Ramadan enabled beneficiaries to enjoy fresh drinking water without having to collect unhygienic water from local ponds or from distant water facilities for drinking and domestic chores. **Moreover, 50 hand water pump projects were approved and are being progressed from funds raised for water projects & remaining balance. Updates to follow on website.**
