## ASSALAMU ALAIKUM

Ramadan 2021 was a testing time for the Ummah with so much going on around the world and in quick succession!

Our heartfelt gratitude to all our donors and supporters across the globe. You made it more remarkable than words can truly express. Jazak Allah Khairan. Stay blessed.

**MONEY RAISED** £10265

**MONEY SPENT** £11250

**NO. FOOD PACKS** 375

Over 375 families have been supported in Yemen with surplus food packs re-directed for maximum benefit to where it was needed urgently

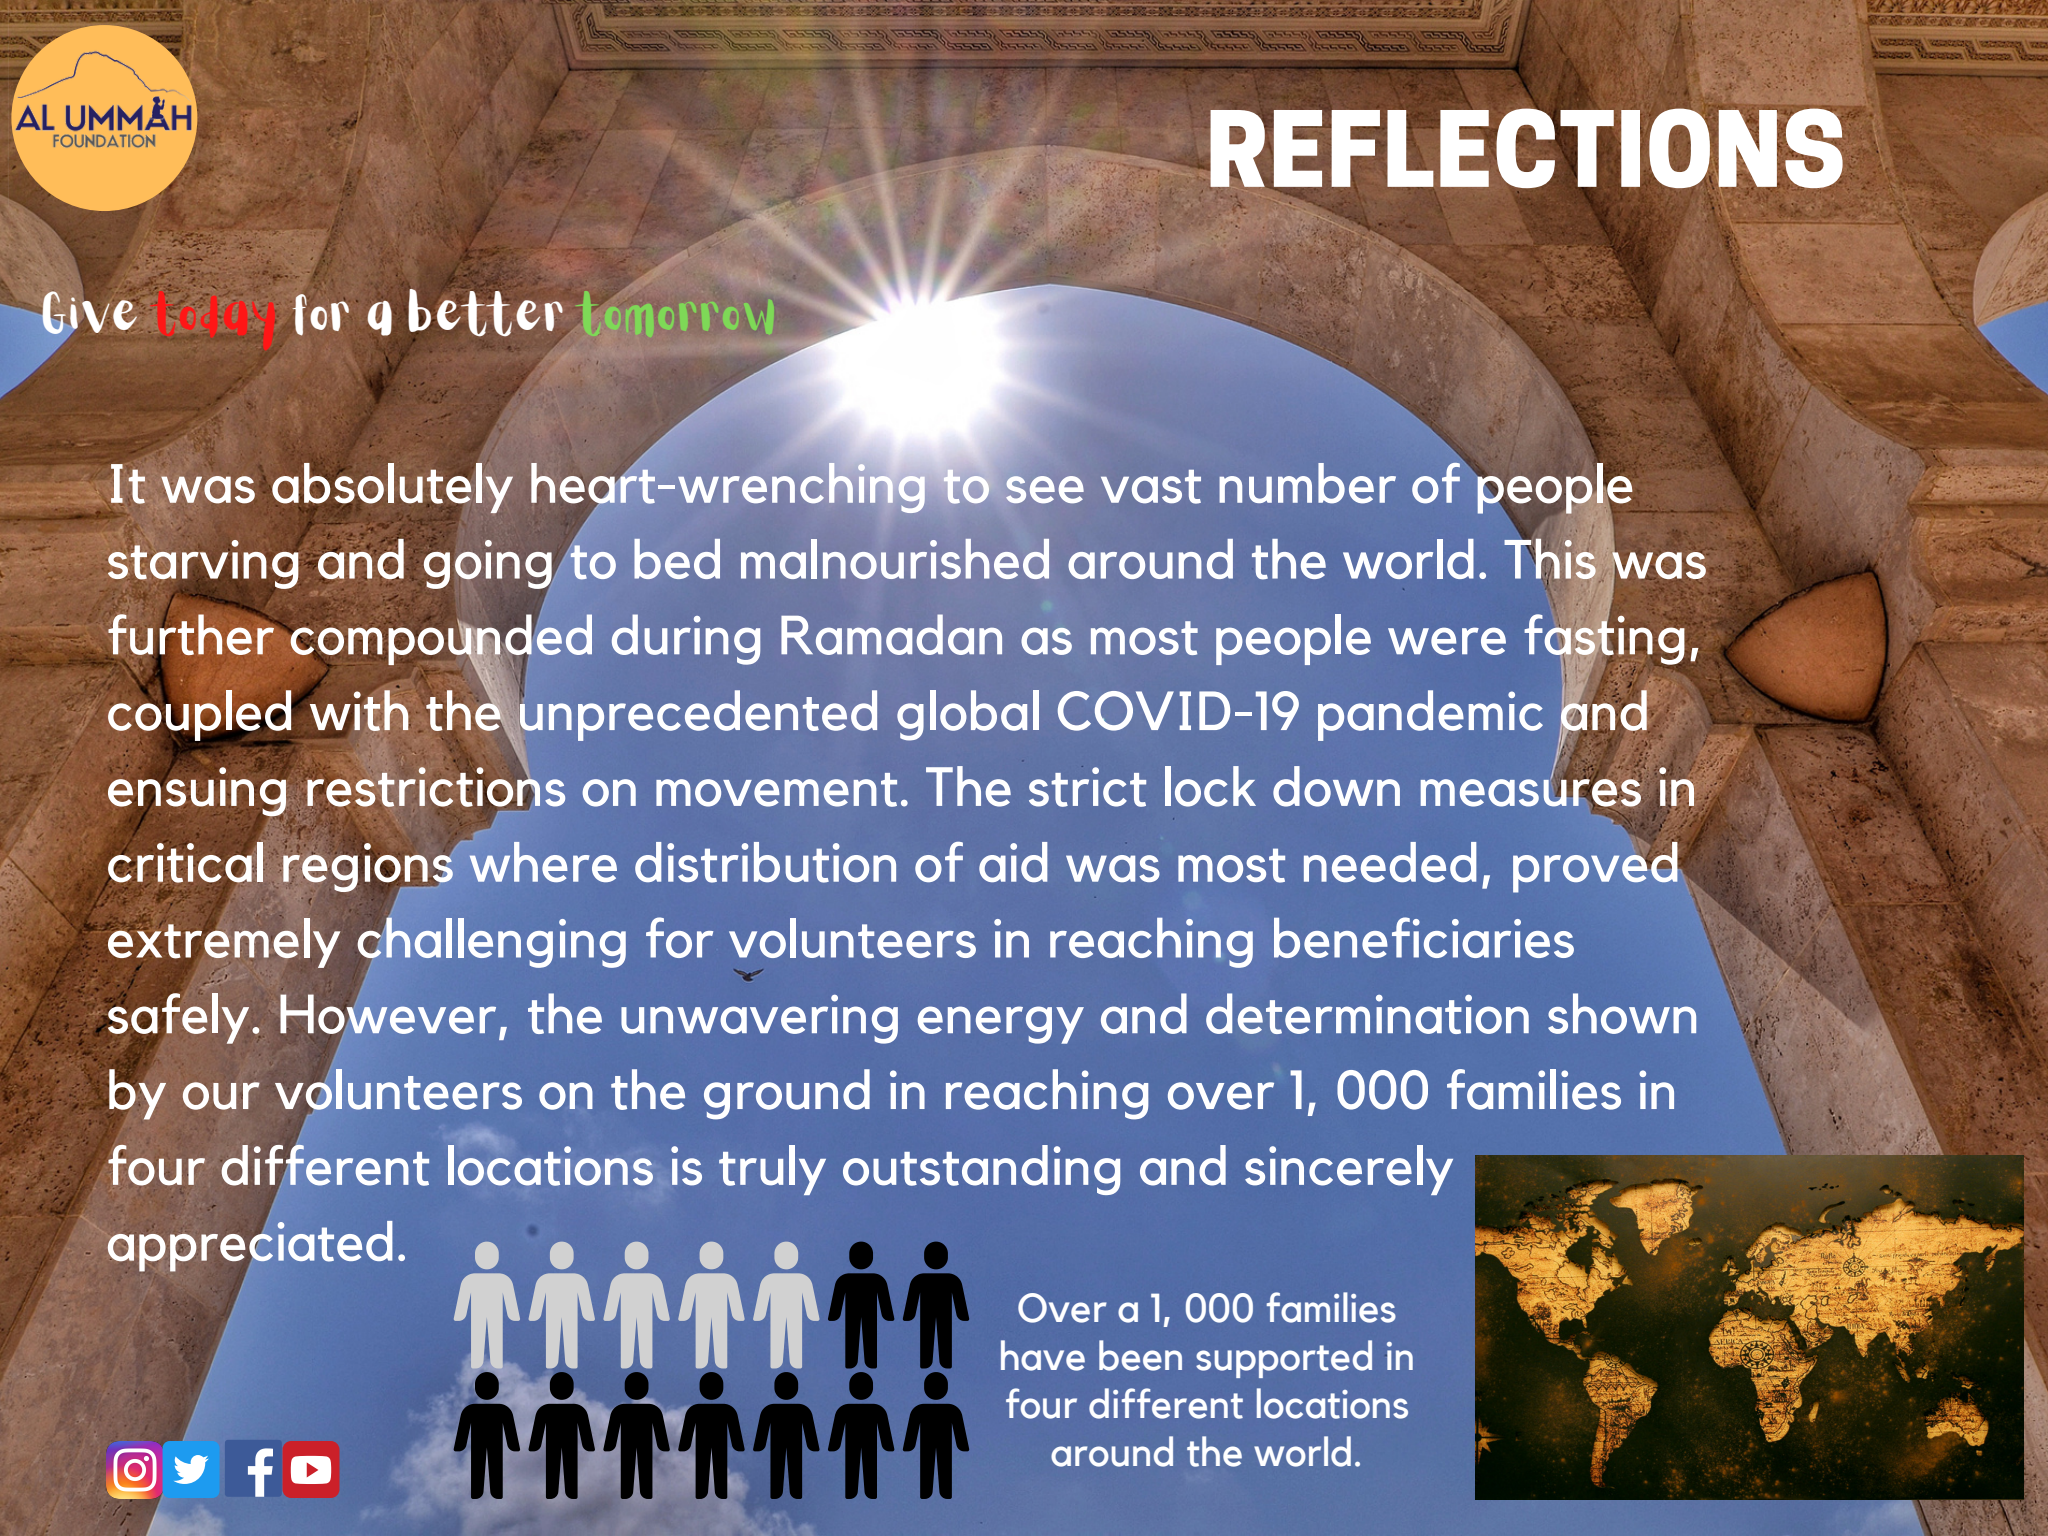

Yemen is gripped by a crippling war which has left families on the brink of starvation and is considered a humanitarian catastrophe of modern times.

The outpouring of love and support from predominantly, UK based donors enabled over 375 families to be supported during this Ramadan.

Alhamdulillah.

# REFLECTIONS

Give **today** for a better **tomorrow**

It was absolutely heart-wrenching to see vast number of people starving and going to bed malnourished around the world. This was further compounded during Ramadan as most people were fasting, coupled with the unprecedented global COVID-19 pandemic and ensuing restrictions on movement. The strict lock down measures in critical regions where distribution of aid was most needed, proved extremely challenging for volunteers in reaching beneficiaries safely. However, the unwavering energy and determination shown by our volunteers on the ground in reaching over 1, 000 families in four different locations is truly outstanding and sincerely appreciated.

Over a 1, 000 families have been supported in four different locations around the world.

# FEEDBACK

FRIEND  
MESSAGED ME TO  
SAY SOMEONE IS  
BRINGING YOU A  
FOOD  
PACKAGE...ALLAH  
LISTENED TO MY

*Truly grateful beneficiary - central  
London | May 2021*

We received overwhelming support from our donors and supporters who dug deep yet again and enabled Al Ummah Foundation to reach those who would otherwise, suffer in silence, go hungry and worse case, die of malnutrition. Thank you for your continuous support.

It is unacceptable that people go to sleep without any food or drink. Parents often sacrifice their morsel of food just so their loved ones and children have something to eat.

The heartbreaking scenario and feedback received from volunteers show how orphans are trying what they can to help feed their siblings. There are no words to describe their pain and bleak future which many of us in the western world take for granted.

Our prayers and thoughts go out to all vulnerable citizens of this beautiful planet. We ask the Almighty for his mercy and provisions. Ameen.

A beneficiary named "Yahya" was simply in tears when receiving a food package. No words needed.

"May Allah make the scale  
heavy with reward"
